Becoming the 1st B-school in Hyderabad to get an AMBA accreditation and with NHRD & People Matters ranking NMIMS, Hyderabad amongst the top 6 emerging business schools in India in 2016, the campus has attracted a plethora of new age recruiters and corporate powerhouses across various sectors.

Continuing the trend of 100% placements, NMIMS, Hyderabad is proud to have an outstanding placements season for the class of 2017. The campus has further bolstered its position amongst the best B-schools in the country and with immense pleasure, we announce a successful completion of the final and summer placements for the year 2017. We take this opportunity and express our sincere thanks to the regular recruiters and to the new corporate ties for their support and belief in the brand that NMIMS, Hyderabad stands for.

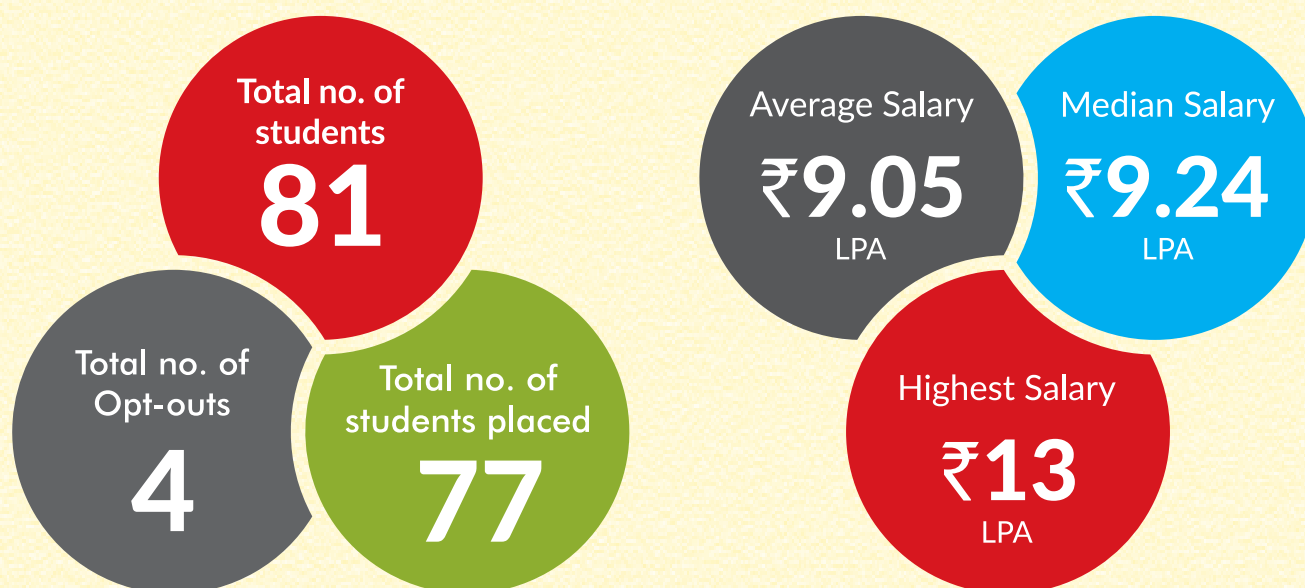

The placement season of 2017 witnessed an astounding hike in the number of recruiters visiting the campus both new and regular with diverse profiles offered. With over 65 companies making offers to the batch of 81 appearing for final placements, the season was a triumphant success. The performance of our students impressed the corporates owing to which, they were presented with the most coveted opportunities. The students were offered a wide range of profiles and leadership roles from diversified domains.

Our Corporate Partners

Summer Placements Report

2016-18

2016 - 18

NMIMS, Hyderabad proudly boasts of another fantastic summer placement season with 100% placements for the batch 2016-18. Following the trend across the best B-schools in the country, our students devote a period of eight weeks in augmenting their theoretical learning with practical experience by interning in the corporate world. This helps them identify the gaps and discover their areas of interest and explore future career options; thus making the summer internship a critical part of the curriculum.

The summer internship starts after the first year of the course. An internship develops core knowledge for students which help them be better prepared for the specialized electives they have opted for the second year as well as for final placements. The industry exposure is even more significant for freshers as this is the first time they get hands on real time experience with the corporates.

At NMIMS, Hyderabad, the summer internship program duration is of 8-10 weeks based on the requirements of the corporates and to what the curriculum allows. It starts from the first week of April and lasts till the end of May.

Director's Message

“ *The function of education is to teach one to think intensively and to think critically. Intelligence plus character – that is the goal of true education.* ”
-Martin Luther King, Jr.

The quote describes the genetic values of NMIMS Hyderabad. Teaching is not only about creating a treasure in an individual's brain. It is more a process to streamline an individual's thought process towards individual and social well-being. At first this appears no small task but here at NMIMS Hyderabad we practice it every day. The year on year results are the biggest factor behind our continuous momentum and motivation. Our students placed in different reputed organizations are outperforming and making the organizations keep coming back for the kind of talent we own in our institute. In the practice of surpassing our own previous academic and placement records for the every upcoming year, I am proud to share that the campus has yet again recorded 100% placements for the Batch 2015-17. I take this opportunity to thank all our corporate recruiters for their strong partnership and continuous support.

Dr. Prithvi Yadav
Director
